### “Time is No More”

Time is a rather awesome commodity. You cannot see it or feel it, yet you can waste it; you can use it wisely — we are admonished to redeem the time. It flies, it stands still, it runs out or is no more. The birds are subject to it, all nature is subject to it for there are times and seasons for all creation.

Revelation 10:6 — “The angel swore by Him who is forever and forever that there should be time no more.”

My dear friends, time has run out. The time of the church age is over. Jesus has gone to prepare a place for us that where He is there we may be also. We will not sup with Him again until we sup with Him in the Kingdom. Leading people to Christ is not what the “Spirit is saying to the church”. Nor can we be taught any more. We have been ever learning; never graduating. Graduation time is here and it is God who resurrects us from the grave of self. Please do not take this as a future happening or a happening after one dies physically.

Now I want to ask you some interesting questions. As a Christian have you sought first the kingdom of God and His righteousness so all else could be added? Or have you insisted upon your own righteousness and have run after the “all else” that is promised if we seek first His kingdom?

Have we as a nation sought after power and might, and greedily sought after all things money can buy??

The church, from the least to the greatest has sought after its own gain, has preached and taught an in-part gospel that has voided the cross — ever learning but never coming to the reality of the truth.

So time has run out and each will be judged by the consuming fire of a Holy God. The next age is one of fire. Who can abide in it but a new creation? Please remember: God’s judgments are freedom fighters. He is here to set us free.

I feel somewhat like Paul or John pleading with the children of America as we all are disgustingly sound asleep, unaware of the times in which we live. We are in a silent revolution as mighty as the Russian Revolution, as devastating, as final. Nothing will be the same in your personal life or in the nation we call America.

I have said this before but let me say it again. Democracy is no greater than any other man made government. Democracy allowed the slaves to be abused, for the majority felt the same as the worst of the murderers and abusers. Democracy has allowed the government to run and own our businesses making all of us subject to the support of a monster called democracy. Democracy is the wineskin of a nation with a mind set no different than the mind set of Russia at the time of the birth of communism. Only an arrogant nation would conceive the thought that America is great because of democracy; unless the hearts of America change we will be under a “democracy” worse than any dictator nation. God forbid we try to force other nations to become what we think is good for them.

What makes America a nation with some semblance of freedom is not democracy but the rays of the living God hovering over this nation birthing out of the dirty womb of capitalism a new nation called Israel. Israel is the glory of God. It is not the rebellious, arrogant country who professes to be the chosen people. Israel is the completion of what was started at the time of the creation of man. Israel is the culmination of a new creation.

This I promise — we all will repent — we will all cry out to God for help — we will give up our idol worship — we will all be of like mind; for God has a purpose in His heart and nobody will stop Him. He is like a steamroller — we either change or be left behind as a bad seed.

I recently read a newsletter stating that fifteen European countries think that Israel is the biggest threat

to world peace. Israel, like America, will be wiped out as the Prince of Peace makes His appearance forcing every knee to bow. He is even at the door and nobody will escape the judgment of a Holy God.

There is only one God and He is the Father of Jesus Christ, like it or not. Just because you do not believe it does not make it untrue. Is there freedom of religion? Of course there is. Religion is man made. However, there is no freedom from sin without Christ. All other freedom is not freedom, but arrogance and vanity.

Papers from Christian leaders come across my desk telling of the many wonderful anointings in their meetings, their building programs, their large attendance and I'm thinking, "Ye fools, this night your soul will be required of you." Be prepared to let go of **all**.

Remember that pastors, teachers, apostles, elders are only until the unity of the faith arrives and my dear pastors, He is here, even at the door, so your job as

teacher or pastor is over. A new door is opening for you to walk through.

**Deuteronomy 4:34 — God is determined to take a nation from the midst of a nation with terrors, with an outstretched arm of judgment.**

What a wonderful day in which to live. The words of this beautiful Christmas carol are resounding down into our hearts... "Oh, Holy night, this is the night of our dear Savior's birth. Long lay the world in sin and error pining till He appears and the soul felt its worth." Yes, the rays of His appearance will cause all of us to fall on our knees. He is making His appearance to set us free by transforming our elements into a new creation. "The thrill of hope; the weary world rejoices." Praise Him, weary pilgrim, He is even at the door.

A truly new year and also a new beginning to you all from the Piecemakers.

## January — March 2004 Letter

*My dear friends,*

*One of the greatest gifts God can give us is patience. It really does not come as a gift but as a reward for not getting what we want when we want it. Sometimes the suffering seems to go on forever with no end in sight. What we think is right for our life or the life of those dear to us is not the way God has planned it and we are compelled to bend our wills to His. With all the status quo coming to an end, let us pray for that ability to change so we can say of a surety, "The Lord is my shepherd, His will is mine and I shall not want."*

*May the God of patience culminate our time of trouble in this year 2004, and peace reign in our hearts and on this awesome planet Earth.*
