### “Adam, the Seed vs. Christ, the Fruit Bearing Tree”

Let me describe the predicament of the world which is called in the Bible hell and the grave. (Matthew 16:18 – 1 Corinthians 15:55)

We all are born in hell and are spiritually dead and in the grave. However, God has sent a lesser light than Himself into hell to deliver us out of it. This light is the Christ. He is our only hope.

Seeing as the kingdom of God is within all of us including the Muslims, Hindus, heathen and also the Christians, it behooves all of us to not try and sell our religion onto anyone. The evangelists have peddled their religion in other countries leaving the world in a bigger mess than ever and our country, claiming to be Christian, suffering from more mental illness than any other country.

The seed, you and I, called Adam, has within it the gestation period for it to germinate and take its painful journey from our animal nature into Christ, united with our Creator, who is Father of all who will turn to Him. His first born son is Jesus Christ. He showed us the way we all must go if we are to become whole, sane, mature, perfect, full of joy and peace, and having God's righteousness shining forth from our hearts.

Now let us turn to 1 Corinthians 15 and see the characteristics of our nature in Adam. By nature we are corrupt, we are dishonorable, we are power hungry but weak, we are asleep or dead, we are mortal. However, in this very seed is planted the ability to burst open and bring forth new life, a new creation.

Because we are at the time of the harvest when this little seed is ready to burst and bring forth the baby Jesus, please beware of wolves in sheep's clothing. Anyone who proclaims to be an evangelist for the world

is an angel of light voiding the cross and carrying a gospel that will make the people twice the children of hell.

Hang onto all things loosely. All must be responsible for his own salvation. The seed cannot be made into a better seed as these well known evangelists who gather throngs unto a false gospel would profess. We, the seed, must be buried into Christ's death and die to give way to a new creation, just as an apple seed must die out to its nature to bring forth the fruit bearing tree.

The wars and rumors of wars will increase, even raging in our own country. Let the peace of Christ reign in our hearts and let our light so shine that we will glorify the precious One who is our Savior.

Let us be willing to die daily by humbling ourselves under the mighty hand of God so that we, the seed, the first Adam, may become that tree of life, a life giving spirit called “the Christ”.

With willing heart let us all make our trek through the valley of the shadow of death where we overcome death and become immortal, honorable, incorruptible, risen from the grave of self and united with our wonderful Father, Counselor — Emmanuel. With that in mind and as our goal, each of us will have a purpose for living and Christmas will take on a special meaning. For out of Bethlehem (our hearts) will spring forth the bread of life to feed not only our own soul but all whom we contact. That indeed is what Christmas is all about.

From Piecemakers to all of you, may the God of peace be with you all as we honor Him not only December 25th, but every day in Bethlehem, our hearts.

## October — December 2006 Letter

*My dear fellow travelers,*

*October 31st is our court date. As most of you already know if we were living in a true republic, a home of the free, we would have no reason to fight a government so as to run our business as we see fit.*

*America is standing on the cusp of a happening. The outcome of this case will determine whether we go into the greatest darkness this country has seen, or will we repent, humble ourselves and have the Father of our country once more rule and reign.*

*Our winning this case will be the beginning of pushing back the darkness, both moral and civil that covers this country.*

*If we as a citizen go along with the perpetrators of our freedom, we are as guilty as the perpetrator and we as a nation will suffer the consequences.*

*If we as citizens close our eyes to the abuse of justice in our land, we as a nation will suffer the consequences.*

*If we allow a government to prey upon the people because we are afraid to lose our life, or our way of life, we will lose our nation and our way of life.*

*We have traded the God of truth and righteousness for false gods and now stand in fear of pseudo enemies while the enemies of our freedom are not the Muslims or the Arabs but are our public “servants” lording over us and calling it “just doing their job”.*

*Abraham Lincoln at the time of the Civil War asked the nation, “What have we done to cause the wrath of a Holy God?” The answer to that awesome question was very evident. Did he abolish slavery to appease an angry God? No, of course not. He was too afraid he would lose the election or afraid Jefferson Davis may divide the nation. So God had the head of our nation shot and pitted brother against brother until the shedding of blood remitted our sin.*

*We, as a nation did not repent then; will we see the same scenario happen today????*

*Marie*

## Timely article for today, written October 1995:

*“Let it be known to you, O King, that we do not serve your gods nor will we worship the gold image which you have set up.” Daniel 3:18*

There is a replay of history going across America from East to West.

The image that Nebuchadnezzar set up is the same image that is over this country. Its Biblical name is Babylon. Now from Romans 1 we see what happens to our minds and hearts when we worship the image rather than the Creator. Our hearts are ungrateful. Do you have a grateful heart? Our thoughts are futile or useless. Our hearts are foolish and darkened; our hearts are full of greed and lust, and we call truth a lie and we call evil good. Now does that sound like the mentality of the government of United States? Did you ever try to reason with any of them? The people sitting in high places making our laws are worshipping the image (that which is not real) and forcing us to bow down to the laws of the image. That is exactly what Daniel and the three children of Israel faced. Would they obey the king of the image or would they obey God?

Recently Piecemakers sent out an edict to the government just the way Shadrach, Meshach and Abednego did and stated “we would no longer serve the gods of the image nor carry out their commandments.” Can you believe they got the FBI investigating us and the Costa Mesa Police investigating us? The immediate fear that hit everyone when they heard what we did was, “They will kill you.” Now that is the spirit that is over this country. Obey the stupid commandments of the government (our servants) or they will kill you. Does that sound like a government of a free country??

If you will read Daniel 3 you will notice that those who worshipped the image (government) and bowed

down to it had false gods in their lives. So if you are for the God of Piecemakers you are for the one true God of heaven and earth. If you are against us you are living in a make-believe world worshipping gods of your own imagination.

The children who refused to carry out the king’s commandments were thrown into the fiery furnace. Does that sound like what our government has been getting away with for years?? They blow people away even when they try to carry out their stupid commandments. So Nebuchadnezzar was in a sense a pussycat compared to our evil government. Well, most of you know the story. Jesus was in the furnace with them, and He is also with us and all of you who are not afraid to die for your country. The good news is this: Throngs of people are calling in and writing and are standing with us — full of courage and willing to die if need be. Only a few kooks (and I mean, really weird people) called who are cowards. They love to live in fantasy and bow down to false gods.

The end of the story in Daniel — The king was converted to the living God and all Babylon fell and the children of Israel flourished in the furnace, for all the shackles were burned off them. So let us all rejoice as we march forward, not afraid of the phony powers who think they are God but are only an image.

Thank you all for your kind support. Let us all watch as our ever merciful Father removes our shackles from us.
