

## The Latent Power of the Soul

There are much unsaid mysteries of what happened when Adam fell from the grace of God, and although cast out of God's presence, took with him all the power he obtained from the tree of knowledge and from the prince of the air, Satan himself.

We are hearing much about the power of the flying saucers and the aliens from other planets. Do I believe they are real??? Of course. I saw a flying saucer in the early seventies. That is another story.

God has given planet earth to His sons and daughters to not only inhabit it, but to make it a planet of peace and one that is flourishing with plant and animal life. And He shall live in them and His glory shall cover the earth like the waters cover the sea. He has unseen places of abode right here on earth for those who have gone on before us.

In the book of Amos, "Seek him that maketh the seven stars and Orion, and turneth the shadow of death into the morning."

In seeking Him who created us out of the dust of the earth and breathed a soul into us by breathing upon us, He has also given us a free will. Now I assure you that the only way we will get to the place in our hearts where we want

to give more than take by becoming self less is by the cross, the power of the Holy Spirit, our yielding our will to the Creator of heaven and earth and every planet in the many galaxies.

Then He is more than honored to become our Father.

His coming, which is bringing up the counterfeit by the rays of the morning shining, is bringing forth latent powers of the soul of the fallen Adam. And just as the flying carpets got their power from the soul power which could break the gravity powers so are these aliens who profess to want to help us.

All we have to do is repent, humble ourselves and turn to God, that is, the God of Abraham, Isaac and Jacob - the God of the Bible. There are no good men in the universe, only those who become one with God.

We do not need help from those who are the good pretenders. We have seen enough of that in our government and in our churches. We need God to make His appearance and we either change and become like Him or we perish and all those who do not belong to God, all the lying signs and wonders flying through the air and into our orbit will perish with those who do not belong to His kingdom
