

God is Speaking to America

Now that the dust has somewhat settled on the towers' tragedy, let us look truthfully at what is revealed.

The veil came off the face of America and we find a paranoid nation trusting in laws rather than God — people who profess to be patriotic but are afraid of every shadow — suspicious of everyone not white, Caucasian Christian. Will we still be patriotic when we see no longer a nation of might and power? Or is our patriotism in fact, pride?

The martyrs in this whole tragedy are those who carried out God's will by bombing our nation — revealing who we are and proving to the world we are not a nation under God but a perverse nation under more and more binding laws! God Himself said He would bring forth (with terror) the nation called America promised to our forefathers. Just as He chose Pharaoh, a heathen, to birth the children of Israel, so He has chosen bin Laden. God Himself will prove what America is made of.

Expect another drastic move by God as He chastises this nation whom He loves. Pride cometh before the fall. Our pride and arrogance are proving to be our downfall.

A Call to Repentance

"We know that by His divine law, nations, like individuals, are subjected to punishments and chastisements in this world. May we not justly fear that the awful calamity of civil war which now desolates the land may be a punishment inflicted upon us for our presumptuous sins, to the needful end of our national reformation as a whole people?" Abraham Lincoln

Now let us hear excerpts from President Bush's speech. "America was targeted for attack because we're the brightest beacon for freedom and opportunity in the world — the search is under way for those who are behind these evil acts." Now let me tell you why we were attacked.

We are perhaps the most arrogant nation on the face of the earth. We are lonely, bored whiners who have forgotten God. Freedom from our own evil hearts comes with a price to pay. When I wrote the warning to America some years back saying that the next warning to America could be worse than Oklahoma, Piecemakers was boycotted, we were investigated by the FBI and received hate mail. How dare anyone say anything is wrong with America, the best country in the world in which to live?

The bombing of the towers of Babel is but one of many things God has prepared for this country to rid us of our arrogance, pride and evil hearts.

The terror most Americans and other countries, have received from our government — from the IRS taking lives, homes, businesses — from OSHA walking into business causing the people who pay their salaries to shake and tremble — from the Health Department of Orange County shutting down peoples' businesses with all the arrogance of Hitler — who needs an outside country at which to point our fingers??? Personally I would rather have died in the crash of the towers — quick and sudden, than go through the torture Orange County and Costa Mesa officials have put us through since we have been in business trying our best to serve the community.

Let me close with another quote from Lincoln's Proclamation in 1863: **"We have forgotten the gracious hand which preserved us in peace and multiplied and enriched and strengthened us, and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom of our own. Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us."**
