

God's Time Clock

God's time clock affects the whole world — “The night is far spent: the day is at hand” (Romans 13:12) — just as night and day affect the whole world. His alarm clock is ringing. **What time is it???**

- **It is time** the American people awaken from their slumber of deception. While we slept the enemy came and stole our freedom and we all have become victims of the lie, an image of the father of lies (the father of our country), the devil.

- **It is time** we take the responsibility for our own lives and stop blaming everyone else for what is happening to us. God will soon remove the scapegoats from the land and each of us will have no one to blame. Then we will know that He is the Lord.

- **It is time** we stop suing everyone for our own suffering or mishaps. God has prepared suffering for each of us to temper us and work His life into each of us. He has made a way of escape through seeking Him, not taking your brother to court.

- **It is time** we get rid of the judges with no discernment or wisdom. If our judges had Godly judgment and wisdom, half the cases would be thrown out of court.

- **It is time** we get rid of our lawyers so the people can speak for themselves. Lawyers are for people who do not know the language, people who can't talk or think, or people who are trying to hide from the truth.

- **It is time** we tear down the altars and throw the phonies out of the pulpit who rob the people and keep them prisoner with a false gospel. God is warning everyone to come out of the false church and seek the Lord personally. Anyone who says they met Christ while in “a church” is deluded. There are many false christis in this hour and many false apostles and prophets, teachers and preachers, so beware and be not ignorant.

- **It is time** Israel wake up to the fact that Israel, the country and the people, are not “the chosen ones”.

Only those who through Christ make their way back to the source, our Father, and become His Body — these are the chosen ones.

- **It is time** we stop idolizing our bodies and get as serious about the beauty of our inner man as we have been about our outer appearance. Most Americans are as shallow as their outer layer of skin.

- **It is time** we stop our hero worship; making gods out of people and things.

- **It is time** truth and justice become our plumb line for living so we can discern the liar from those who bear the truth.

- **It is high time** we stop paying homage to the beast we have created called our government; looking to it for answers to our problems instead of seeking the Lord.

- **It is time** that God rend the heavens and come down so every inner eye will see Him, look upon the one whom they have pierced, and every man, women and child mourn for Him as one mourns for his only son and grieve for Him as one grieves for a firstborn. Then God will have mercy on us and gather us under His wing and He will be our God and we will be His people.

- **It is time** the black race stop considering itself the underdog, poor abused race. Every race coming to this country was a minority until they melted into our society by hard work and humbling oneself. It's interesting to note that some of the highest paid people in the world are black.

- **It is time** we put away our greed, our pride, our arrogance and begin to think of others before ourselves. Six figure salaries should be a disgrace rather than something to brag about -- especially if one is a government employee or an employee of a charitable institution of any kind.

- **It is time** every working man or woman in America acknowledge the fact that without God their

business would not exist. Somehow our business executives and even the president of our country has fooled people and themselves into thinking their stupid, clever mind is running the show.

- **It is time** we start using the lost commodity called common sense instead of code books and instructional manuals.
- **It is time** God's will become our will, God's ways become our ways, God's thoughts become our thoughts.

February 28, 1996

If America turns to God with a whole heart, our government will fall and His governments will rule over us. The false church will disappear and each life will be fulfilled with His grace, peace and joy. And we just might turn away His wrath which is already released to our destruction.

Marie Kolasinski
