

JUSTICE

**Justice will prevail, in the courts
or out of the courts; we will see
justice once more prevailing
in our beloved country...
SO HELP ME GOD**

***Justice** — the virtue which gives to everyone what is his due.*

When the laws that rule a society are so corrupt that they protect the perpetrator and jail the victim, it is time something is done about it.

Recently we ran into a situation that made it legal for anyone to move into your home after signing a lease, breaking the lease by not paying the rent stated in the lease, and the law makes it impossible for the owner of the home to get his home back.

*Now the word "**rent**" has a definition or a meaning. Webster states that the word means income or salary.*

In other words, there are many people who pay down on a house, fix it up and then take the chance they will get an honest person to rent and help pay the taxes and the bank. In time it could be

security for old age while providing a home for those who do not want to take the responsibility of ownership.

Now to rent out said property. First a contract is made between the renter and the rentee. This contract states the amount the rent will be. Now if the rent is not paid the contract is broken and now the rentee becomes a squatter.

Webster's definition of a **squatter**: "a building occupied by people living in it without the legal right to do so".

The Turners turned from rentees to squatters, not only with us, but with two previous owners that we know of. God knows how many more this has happened to and they use the law to ruin the lives of the people who rented to them under the good faith that they would keep the contract. Who pays the taxes for the months they by law are given a right to squat? Who pays the bank for the months they are allowed to squat??? And who pays for repairs after they vandalize your property???

When the law becomes so corrupted that it is no more a protection for the righteous, then it is that we find anarchy somehow more righteous than the law.

By the way, Jesus broke just about every law devised by man and cursed the lawyers who wrote the laws.

Acts 5:29 — Peter and the other apostles answered and said, "We ought to obey God rather than men."
