

## The Death of a Nation

*“If my people, which are called by my name (Christians), shall humble themselves, and pray, and return to me.... I will heal their land.” 2 Chronicles 7:14*

This nation, known as America, born free through great suffering and birth pangs, known as one nation under God, indivisible — is no more a nation under God or are we a unified nation, which is evidenced by the millions of dollars spent in Washington as our so-called leaders who call evil good and good evil, bicker and contend, afraid that if they represent the truth they may be known as oddballs.

We as a people, blessed by God, have played the fool and forsaken the living God, the only true God who is our Father, and also the Father of the Lord Jesus Christ, and we are about to enter some of the darkest days the human race has yet experienced.

At the time of the Civil War we had become so arrogant and high minded that only bloodshed and human sacrifice appeased an angry God. At that time we had a God-fearing President who prayed and agonized over this nation. Quoting Lincoln, **“I often think,”** he said, **“that if ever this country is destroyed, it will be because of people wanting jobs with the government, people wanting to live without work, a terrible fault...”**

Today we have a fool for our President and those around him have also become fools. And sad to say, a great percentage of Americans are also fools who do not know right from wrong.

We changed the glory of God into an image, and because of this we live in imagery rather than reality. Those who rule over us use code books written by fools rather than common sense, a God-given gift.

*For our welfare and peace we turn to the laws of a tyrannical government rather than to the laws of God.*

*For safety, we hire more police and make more laws, building for ourselves a prison of fear and distrust rather than seeking protection from the Lord.*

*We would rather have inspectors come into our businesses and tell us how to run them, when in fact all businesses originated from God and He should be the one to counsel us.*

*We bind our kids with homework, seat belt laws, helmet laws, Christian niceties; correcting them when our own hearts are filled with evil.*

Remember the good old days when only criminals were fingerprinted? Now, in California, the DMV not only fingerprints all who get a driver's license but they devise a written test so evil and arrogant nobody can understand it; a test that has no bearing on how we drive. Folks — wake up! We do not need a DMV. Do not be deceived into thinking the government is out to help you.

We get our comfort from drugs, drink, sex, sports, eating, drinking and making merry, grieving God whose comforter for us is the Holy Spirit.

From this day forth there will be no comfort for anyone anywhere, for God is withdrawing all that pleases and comforts the soul. And after He has cleansed our wicked hearts through much pain and suffering, we will become a nation united under God and His peace will bring healing and comfort to all who turn to Him.

Marie Kolasinski
