

## Tremors of an Earthquake

For several years we have been flying our flag upside down as a friendly warning to America. Some idiot stole our flag thinking we were desecrating it. Stealing anything is illegal. The man who stole our flag is a veteran. Now, if you see pictures of the Civil War, all flags were hung upside down as a “nation in distress” signal for the people. So much for the substance and integrity of the modern day veteran. He calls his sick pride, patriotism.

We are in deep, please excuse the expression, shit. The tremors of a spiritual earthquake are beginning to affect all of us. God says He will shake everything until only that which can enter the kingdom remains.

**Haggai 2** — *“I will shake all nations.”* Haiti is a good example of a shaking.

**Joel 3** — *“The heavens and the earth shall shake, but the Lord will be the hope of his people.”*

Now expect this: Everything that you put your security in will vanish away, including your knowledge, your desires, your hopes and dreams.

The American dream has turned into a nightmare.

All you “loved or held dear” will have to give way to that which truly satisfies.

Our complicated life will take on a simplicity beyond anything we now know and we will find joy in all the things we took for granted.

Peace and contentment will be like a womb of protection as we turn back to God as a common denominator for our existence.

Recently I got a letter from a well known “prophet” who also was forewarning America.

He admonished the people to store up food, fuel, etc. Now let me tell you, storing up on earth will not help us in the days to come any more than anything stored up in Haiti is helping them.

Be sure and store up treasures in heaven for where your treasure is there your heart is also.

**1 Timothy 6** — *“Laying up in store for themselves a good foundation against the time to come, that they may lay hold on eternal life.”*

And the God of peace and grace be with all of us as we swim from one age to another, leaving behind all we have ever known and cling unto Him who is the Source of all we will ever want or need.

Marie Kolasinski
