

## WHAT'S WRONG WITH THIS PICTURE????

Recently I read these words in *Smithsonian* magazine:

**“We retrace the travels and travails of the ragtag group that founded Plymouth colony, gave us Thanksgiving and laid the foundation for democracy in the new world.”**

How far from the truth that statement is. If those brave lovers of freedom and the truth were with us today, or as a matter of fact, were with the “so called fathers of our country”, they would be appalled at how we have polluted the very freedoms they established, the seeds they planted through much suffering, misunderstanding, hardship and bravery as they left all and followed their Savior as He beckoned to them, “Follow thou Me”.

These brave, unknown men and women are our forefathers. The ones who claim to be our forefathers are a fraud who started one more man-made, selfish government simply because we already had forsaken the God who founded our great nation and planted the seeds for a theocracy. A Constitution is needed only for a nation who has left God.

The founders of our Constitution were a group of self centered men who knew not God and established a piece of paper **to protect the people from that of which they were a part of.**

**Thomas Jefferson, to name one of our so-called forefathers, owned slaves, lived high off the hog and had not a clue how far America had already fallen from the land our pioneering forefathers paid the price of their life to establish.**

**Our presidents are sworn to uphold the Constitution. Let us take Lincoln, who professed to know God and yet allowed slavery to be a part of our “free” Nation, therefore null and voiding the word of God and the Constitution.**

**The tyranny democracy has brought to the world is worse than the tyranny our forefathers were brave and courageous enough to leave in hopes that perhaps they, like Abraham, would find that “city not built with hands”.**

**The rays of our Creator who led and guided our forefathers to this place we call America are still shining.**

**What made America “a light set on a hill”, a blessing to the world, was not the government or the so called church.** It was our Creator, putting into the minds and hearts of His people His ideas for inventions and businesses to better the life of the working class of the people.

The government has done nothing but put burdens on the people and the pseudo-church has done nothing but cause division.

The people who were brave and hard working enough to fight all the rules and regulations to start a business that serves the community and draws people together are the goodwill bearers to other nations. For example, to name a few out of the multitudes — the movie industry, the restaurants, the inventors of automobiles, telephones and telegraphs etc., etc., have brought good will and comfort to the nations of the world.

These are the unsung heroes and saviors of the world. Not the missile happy, greedy for power and might idiots that we see operating out of our so called wonderful democracy. Shame on the American bobble heads who have made false gods out of power hunger dictators.

**One more, “what is wrong with this picture???????”**

Two horny people get together, one male and the other female and have an orgy feeding the pleasures of the flesh, and lo and behold the little egg and sperm unite, both of which end up in a sanitary napkin or condom when not united.

Now the Bible says, “And God breathed into his nostrils the breath of life and man became a living soul.”

Let us assume that God knows more than we do and we do not become a living being until we have nostrils and are born and the breath of life comes into us.

I am not pro or anti anything, but I’ll be damned if I can understand how the pro lifers can kill someone to prove their little filthy righteousness is the way God had it planned. I’ll bet you the back end of the elephant to the tail of the donkey any antiabortionist’s pious little brain would consider what I just wrote appalling. My, oh my, what fools we mortals be.

**Damn those who will keep God even out of our birth. Cursed country we have become. An atom bomb seems too easy a way out. The only thing worse than a bomb is God Himself making everyone accountable for his actions.**

**One more, “what is wrong with this picture????”**

We are supposedly “one nation under God”, a Christian nation and yet we have a dictator running our country who abides by no international law or by The Bible or the Constitution which supposedly protects our God given rights. Such as our right to pursue happiness by working and providing for our families and contributing to the communities. Our basic, **do unto others as we would want them to do unto us** is, indeed asking for missiles flying on every home in America, pain and suffering and terror beyond what our government has already brought to each working person in this so called “God fearing” nation and to every nation who dares to not do what our elected dictator tells them to do.

**Yet one more, “what is wrong with this picture?????”**

When The Bible says, He has made the head the tail and the tail the head, He certainly was foreseeing the babbling bobble heads of America with a cell phone sticking out of each ear and babbling away like so much wind coming from under the tail. Yak, yak, yakity yak, talking much and saying nothing.

And yet in the midst of all the deceit, corruption and “what is wrong with this picture”, the spirit from our Creator is beckoning to all of us.

**“Sing and rejoice oh sons and daughters of America, for behold, I am coming and I will dwell in your midst. Many nations shall be joined to the Lord in that day and they will become My people and I will dwell in your midst. Then you will know that the Lord has sent me to you.**

**Be silent all flesh, before the Lord, for He is aroused from His holy habitation.** (Zechariah 2:13)

And so ends the Old Testament. The Baptizer of Fire is about to visit America and not one corrupt stone will be left unturned. We have yet to meet Jesus, the baptizer of fire. We have only seen the baptism of John. So hang onto your seats, throw your filthy righteousness down the toilet where it belongs and, by the way, throw your cell phone with it.

If you have stuck with me until this farewell I pray you take to heart what has been written as it is a prelude to the “great and terrible” day of the Lord.

God be with all of us as He brings us to our knees and we become that river of life for a dying world. Au’revoir and God bless you.

Marie Kolasinski
