

# Government

---

February 6, 2007

My dear Jim,

May God have mercy on us all.

We have started the disbaring of Judge (Jezebel) MacEachern, which we hear could halt the Cal-Trans punishment of Judy and Doug. By the way — if 60+ year old Judy is out in the hot sun picking up trash for no crime, I am calling Gillian from Associated Press and the “Channels” to expose once more your disgusting tyranny.

The deputies from female to male were appalled at my jail sentence; and they were under the assumption it was for resisting an officer which you know was a lie.

As a matter of fact your whole operation is a lie and fraud and will not stand the next wave of our Holy Righteous Father.

For your good — leave us alone and pray one of the restaurants owners will hire you when the sh-- hits the fan — no job — no pension.

Please read Thomas Paine’s description of the likes of you and your nest of Christians — they have always been a disgrace to our Savior.

As I said before — jail time was not as hard on my health as your leeches marching in God’s vineyard called Piecemakers.

I am sending this to the press, namely, the L.A. Times.

His Servant,  
Marie

We have our cameras ready for you if you decide to disobey us (your employer). Alex Jones also has our last video.

Quotes from Thomas Paine:

“Of all the systems of religion that ever were invented, there is none more derogatory to the Almighty, more unedifying to and more repugnant to reason, and more contradictory in itself than this thing called Christianity.”

# Government

“People are citizens, not subjects, and were born with equal natural rights; that the people created written constitutions that defined and limited their governments; that these written constitutions could not be changed by the governments but only by the sovereign people themselves; that the rulers had no rights of their own but were only temporary agents of the people, who must continually watch and empower their agents through electoral consent; that because people are naturally sociable, society is practically autonomous and self-regulating; and that people were free and independent to pursue happiness in their own way.”

## This is God’s Will for Piecemakers

From this day forth this is the Health and Safety Code by which Piecemakers will operate:

#114450

**“No food facility that donates food as permitted by this article shall be subject to civil or criminal liability or penalty for violation of any laws, regulations, or ordinances regulating the labeling or packaging of the donated product or, with respect to any other laws, regulations, or ordinances, for a violation occurring after the time of the donation.”**

From this day forth this is the Constitutional Law Piecemakers will operate under:

Amendment I

**Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.**

Amendment IV

**The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.**

# Government

---

Amendment XIII Section 1.

**Neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction.**

These “Rights” overrule any of your man-made idiotic codes that put burdens on the people.

Therefore, from now on we do not need your services. All food will come in the store as a donation and leave as a donation.

Any of you entering our store other than as a customer will be under house arrest. You are already the disgusting laughingstock of the whole county. We have gotten counsel and started proceedings to disbar Judge Kelly MacEachern.

We demand the freedom to do God’s Will, not man’s.

Doug Follette
