Will Our Nation Endure?

Dear Email friends,

Two thousand years ago our heavenly Father brought forth in the world a new creation, conceived in liberty and dedicated to the proposition that all men are created equal. One world was ended — a new one was born. God had entered the lives of men in the form of His Son, Jesus Christ. Judaism, the religion of the Jews, who represented God on earth, had become so perverted, so dead, so superficial, that even the priests and rulers did not recognize the God they professed to walk with.

Now we are in the year 2002. We are in the same predicament. We are engaged in a great spiritual war wondering whether this nation or any other nation will long endure. Christianity has become a dead religion. Our government is as corrupt as Israel's was at the advent of Christ, and God once more has entered the affairs of men. He has a rod for correction, a two-edged sword for lopping off dead appendages, and fire to change our elements.

We all have to contend with the living God. All will have to awaken. All will be compelled to change or perish. This change is as drastic as a worm changing into a butterfly as it affects our inner man. The same God who guided Moses when He led the children of Israel out of Egypt into a new world is the same God leading us out of a decaying world into the kingdom of God. Christianity is as "mausatot" (dead as a doornail) and perverted as was Judaism at the first Advent of Christ.

These are the best of times and the worst of times for America. We have yet to see the fruit of the seed planted by our forefathers. The big question is, "Are there ten righteous people in our land," so that God will spare our country? Or are we void of any righteousness so as to warrant total destruction as is happening to other countries?

Our government **IS** "by the people." However, the people's hearts, yours and mine, are deceitful and wicked and our iniquities separate us from the living God; therefore, our government is an evil, tyrannical cancer setting on fire the pits of hell. Our only escape is a visitation from God into the secret recesses of

the hearts of the American people. Through much pain and suffering America will become one nation under God, with liberty and justice for all.

Sincerely,
