## Expect a Holocaust in America

Dear e-mail friends,

Before I begin my letter let me remind you that America is a great nation in which to live because it was founded on the faith, blood and sweat of our forefathers who had a living relationship with God and his son, Jesus Christ. We are so arrogant we think it was the clever works of our hands that made us great or our puffed up intelligence.

Now with that in mind let me ask you a question. Well, which side are you on?? Surprising, this war with Iraq has caused the nation to be divided as surely as the Mason-Dixon line. Not that we needed a senseless war to show up how divided we really are. It is that time once more in God's dealings with man when "who is on the Lord's side?" — not "whose side is the Lord on?", is separating the sheep from the goats.

What is a terrorist to you?? Perhaps you will say, one who threatens my safety, my way of life, my livelihood.

Now let me tell you who threatens my business, my safety, my way of life. It is not Saddam. It is not Bin Laden. It is the U.S. government. You gasp in complete surprise. You will know this before long if you do not already know it. We are headed for a big fall. Our arrogance and ignorant pride will be our downfall. The terror we have caused the Iraqi people will be turned on us for God says, "Vengeance is Mine" and again, "Not by might, not by power, but by my Spirit" I will bring down mountains.

"Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, let not the rich man glory in his riches; but let him that glorieth glory in this: That he understandeth and knoweth Me, that I am the Lord which exercise lovingkindness, judgment, and righteousness in the earth; for in these things I delight."

Democracy is just another man made government and there is no good man, no not one.

# Email Letters from Marie

Under the canopy of democracy we have had laws that allow for the lynching of the black race. We have stolen the land from the Indians, we have bombed Waco because of their belief in “freedom of religion,” we have had laws that protect the shooting and disgrace of Ruby Ridge. We have a government that rapes the businesses started and nurtured by the blood, sweat and money of the working class of people. We have yet to have a president that could keep his zipper closed say nothing about running a country. With 2 million Americans in prison, with a national debt larger than all the countries put together, with corruption in government matched only by the worst of the Mafia, who needs democracy???? Now many are saying, “maybe we should be called a republic.” Well, dear reader, Russia was a republic long before America was born. China was a republic while the Indians still roamed the virgin plains of a land later to be called America. So forget trying to conjure up some other name to try and make our contaminated country look like anything other than what we have become — a dictatorship the likes of which has never been in the history of mankind.

Now the good news. Expect a national holocaust in the hearts and minds of the American people. God is about to visit our country and he is a consuming fire. He is our last and only hope. There will be a wailing and gnashing of teeth as God burns out all the arrogance, pride, religion and Babylon we have each built in our hearts and minds. But we will be saved out of it.

I can hear the lovers of a lie already responding to this e-mail with, “remove me from this trash.” Truth is truth whether we believe it or not. If you love the truth, you love the One who started our beloved country.

**Auf Wiedersehen — Marie**
