**We are All Pioneers — Like It or Not!**

**Hello, dear, e-mail pioneers,**

Before I tell you about the exciting “store news” let me say what the Spirit is saying to the people of the world in general and the citizens of America in particular. The Passover is taking place. That is the death angel is passing over every country where he sees a group of people who have shed their spiritual blood and have been born anew with the blood of Christ. We are in the time of the harvest and we at Piecemakers through much pain and suffering are being harvested from our old world and are being birthed into a new world. Christ is accomplishing what was intended in His heart in the beginning of the human race.

Did you notice I called you pioneers???

Maybe your eyes are still closed and you are unaware you are pioneering. For the human race is fulfilling the scripture which says, “We will not all sleep, but we will all be changed.” And that change, my dear friends is not putting on a new hat or changing the color of your hair or as simple as starting a new job. It is a change from a world of night time to the awesome light of day. If you are part of the human race my dear friend, you are a pioneer, whether you like it or not.

Now the exciting news at the store. The Piecemakers Singers, CDs are being printed even as I write this. One is “The Road Home” and two is “Down Home.” Both CDs have a little of the 50's, the 70's, country and swing. The price will be ten dollars plus shipping.

Did you know the “red hat” ladies have made hats the “in” thing? And we are having a great creative time making “one of a kind” hats. We will feature them on our website. So if you want the “hat that makes a definite statement” either come into the store or check our internet for pictures and prices.

As a matter of fact we are opening up a “unique, one of a kind store” on internet that will be filled with one of a kind lampshades, dolls, hats and other things you cannot live without.

Our 2005 quilt “The Church in the Wilderness,” is making a trip around the world stopping at grass root quilt stores. This beautiful quilt captures the by-gone times in nostalgic settings and tells a story of an era coming to a close.

Our men are busy in their construction work. Their work is as perfect and beautiful as the work of the ladies. They are sought after because their reputation is being spread abroad.

God is perfecting the Piecemakers’ character as our works are being perfected. Only His stamp of approval will suffice in the ensuing days ahead.

March 13th we are having our first auction. If it is as successful as it seems to be as we gather things together, we will have it once a year.

We thank all of you for your friendship, we thank God for our daily bread and we pray that our eyes be open to discern the truth of the times hidden behind the lies we hear. God bless all of you on your journey to a new world of righteousness.

Sincerely,

**Marie**
