STOP FEEDING THE BEAST

There is an old saying: There is no one so blind as he who will not see.

I am referring to your timely article on the beast.

All things starve when not fed, including the beast.

So let us stop whining, stop feeding that which takes our life and ask God for courage to do the only thing left to do as we are backed into a corner. It is either our life or that of the beast.

So let us as a nation pull together, stop paying taxes and enjoy the fruit of that for which we labored.
