## **Repentance: God has sent America a Wake-up Call**

What has happened in the heartland of America is indeed a tragedy. However, as I heard President Clinton and Janet Reno acting very perturbed over the bombing of the federal building in Oklahoma City, I began to wonder if God's hand of retribution has finally come to America to rescue the people from a monster much more evil than the terrorists.

Did we see Clinton or Reno on TV repenting and apologizing when our government blew away the lives of 80-plus men, women, and children in Waco, Texas? Have we ever heard Clinton grieve over and apologize to the American people for the murder of thousands of Americans by the IRS, OSHA, arms control, the health department, and on and on? As surely as our ability to make a living is taken from us by the stupid codes and laws enforced by arrogant morons, just as surely has life been taken from our people.

God has sent out a wake-up call to America. He has heard the heart cry of thousands of people harmed by a ruthless government. Jesus warned all of us that unless we as a nation repent, we shall all likewise perish, as did the innocent people in Waco and now the people in Oklahoma City.
