## Thank You!

Thank you to all of you who came during the month of August to help us celebrate our 45th anniversary. We enjoyed seeing our dear friends, faithful customers and many “new” faces, too. It was a big success due in large part to your continued support, and we look forward to many more years of serving you all.

## Lisa Mattock Returning to Piecemakers!

We are pleased to welcome back quilter and slow stitching artist and teacher Lisa Mattock from Ermington, Australia. Lisa's website and philosophy, “Forage by Lisa Mattock,” is about seeking out reclaimed and vintage textile treasures and upcycling them into beautiful quilts and decorative pieces that speak to the soul of the stitcher. Lisa's classes were so well received last winter, and we are all looking forward to having her back this November with two new classes – **Slow Stitched “Alfred” Bird Quilt** and **Slow Stitched Christmas Cottages**!
